Church Planning Process (Check your Bylaws or as someone in leadership if you need help):

Whose permission or support do I need to make this happen?

Who or what group will ultimately make decisions required for this project to happen?

Who do I need to meet with first to make that happen?

What do I need to ask of that person and what questions will they have for me?

What would the next step after that meeting be?

Who else do I need to be talking to?

Who might have concerns about this and how I can I be prepared to address them?

How soon do we need to share information and in what ways?
